

# OLD USGS TOPO MAPS — Great Smoky Mountains

Only those shown highlighted  above are currently available.

These old maps show rivers, streams and creeks, cities and towns, houses and buildings (but no owner names), railroads, roadways, trails and ferries, benchmarks and triangulation stations, mines, and land contours (elevation).

All topos are dated 1935-1941, except those marked (\*), which are 1964-1966. All are 7.5' topos (1:24,000 scale).
