To the honorable

The general assembly of the  
State of Tennessee

The petition of a number of the  
inhabitants of the lower part  
of the County of Montgomery  
Sheweth

That the extensive and scattered situation of the  
settlements in the lower and frontier part of said  
County is such that a number of the inhabitants  
have to ride from twenty to forty miles to attend  
General Court and other public business, which subjects them to the  
very great inconvenience of a fire in the one case,  
or the loss of our ride in the other

We therefore pray that the four  
Companies on the south side of Cumberland  
River in said County and Captain David Brigham's  
company on the north side may be consolidated into  
one Battalion whose place of rendezvous and  
General muster may be at Palmyra

Also that the said companies may have one day  
of election to be held at the same place  
And your petitioners as in duty bound will  
ever pray
