MESSAGE FROM THE PRESIDENT

Our Name Has Changed

On August 10, 2018, the Warren County Genealogical Association officially became the Warren County Genealogical & Historical Association.

Our mission is to increase public interest in and raise the standards of genealogical and historical research through educational programs, workshops and publications, and to promote the collection and preservation of manuscripts, documents, and other material of genealogical and historical value.

Through this mission we hope to collect, preserve, index and make available genealogical and historical materials, especially those relating to Warren County, Tennessee and surrounding counties.

We all know that it is difficult to follow our genealogical roots and separate the history that is synonymous with this undertaking. Most of us who research our family ancestors not only have printed records but own “something” from those ancestors as well. It may be family records, photos, or several items they owned that are considered heirlooms. A lot of those items will become historical a few years from now and we are in hopes you will be encouraged to find a home for them to be preserved so our history isn’t lost.

We challenge each of you to look at your own genealogical records and heirlooms and make sure they are placed in the proper care to be preserved for generations to come.

Cheryl Watson Mingle, WCGHA President, P.O. Box 411, McMinnville, TN 37111-0411
